## Advantages of Commercial Retail Financing

Ford Credit provides you with flexible solutions so we can meet your changing business requirements. We'll work with you to help develop financially smart solutions to meet the needs of you and your business.

### **Flexible Financing**

Our flexible financing program allows you the freedom to pay off your commercial financing bill at your own pace.

### **Commercial GapCoverage<sup>SM</sup> (GAP)**

This can protect you when your vehicle is stolen or declared a total loss and the insurance settlement does not satisfy the remaining balance on the vehicle.

## Advantages of a Red Carpet Lease

For predictable-usage vehicles,\* choose this closed-end lease with no residual risk for simplicity and peace of mind. When you complete your lease as agreed, simply bring the vehicle to your originating dealer.

### **Lower Payments**

Lease payments are usually lower than similar-term finance payments. Invest your cash where it belongs: in your business.

### **Flexibility**

Leasing allows you to lease newer vehicles more often.

**TRANSIT CONNECT**

\*Commercial RCL is not available for every vehicle use (e.g., livery and modified vehicles).

## Advantages of CommercialLease<sup>SM</sup>

Your business is one of a kind, so why shouldn't your lease be? CommercialLease is an open-ended Terminal Rental Adjustment Clause (TRAC) lease program that can be precisely tailored to meet your business requirements.

### Flexible Terms

No mileage restrictions or penalties.  
Upfits can be residualized.

### No Surprises at Lease-End

There are no unexpected charges: no acquisition, up-front administration or termination fees and no charges for excess wear and use.

## Advantages of a Commercial Line of Credit (CLOC)

At Ford Credit, we understand your business needs are unique. With a CLOC, you can get the vehicles your business requires — quickly, easily and without hassle.\*

- The convenience of pre-established credit
- No setup or non-utilization charges
- Credit that frees up capital
- Streamlined approval and renewal process utilizing DocuSign<sup>®</sup> eSignature
