

# Mullen ONE KNAPHEIDE PARTITIONS

Knapheide Partitions for the Mullen ONE divide your work van into two separate zones: the passenger and cargo area. In the event of an unplanned stop, Knapheide Partitions offer an extra level of safety and security. The partitions are contoured to fit each van and conform to the B-Pillar trim and headliner. Knapheide Partitions are constructed with ¼" ABS thermoplastic, which has mechanical properties of impact resistance and toughness.

- Allows for full seat travel and a reasonable amount of seat recline.
- Available with or without a 12" X 19" window.
- A Knapheide Composite Partition weighs 35 lbs.; 30%-40% less than a traditional steel partition.

Amerit Fleet Solutions is Mullen's national service and warranty repair provider with over 1,800 highly trained vehicle service technicians across the United States.

DIMENSIONS & CAPACITY	
Wheelbase	120 in.
