KNAPHEIDE ALUMINUM KUVcc

ALUMINUM Knapheide UTILITY VAN

Working out of a Knapheide KUV keeps you organized and productive. Large perimeter bins are easy to access and keep your parts and tools separated into easy-to-manage spaces.

A spacious cargo storage area with interlocking aluminum extrusion floor for transporting drywall, larger tools, water heater, and oversized items.

ALUMINUM KUVcc

The Knapheide Aluminum KUVcc is available in multiple heights and lengths for different applications. It is designed to increase productivity and efficiency through better organization of parts and equipment for specialty contractors, including plumbers, HVACR technicians, electricians, and more.

No more looking for what you need — just grab and go!

COMMITMENT TO CORROSION RESISTANCE

Aluminum bodies are naturally corrosion resistant. Where steel fasteners are used, those fasteners are coated with "EcoGuard" to eliminate the interaction between the steel and aluminum.

This aluminum assembly method allows us to create products with the highest level of corrosion resistance available.

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

KNAPHEIDE. NEVER SETTLE.
