FUEL AND LUBE TRUCKS

KNAPHEIDE **FUEL AND LUBE TRUCKS**

FUEL AND LUBE TRUCKS

Keeping all of your heavy equipment up and running under today's demanding deadlines just got easier with the standard features built into Knapheide Fuel & Lube Trucks.

Available in multiple configurations, our fuel & lube trucks are constructed of a rugged steel shell that is corrosion-resistant for durability you can count on.

Choose from a variety of options to customize your truck to best meet the needs of your jobsite.

ELLIPSE STYLE FUEL TANK

1,000 gallon ellipse style fuel tank with 3/16” steel wall construction with flat panel in center for displaying company graphics (KFLT1 model; KFLT2 model has 2,000 gallon tank). Emergency shutoff, rollover protection system and two lift hooks located on top of the tank.

POPULAR VOCATIONS

OIL/MINING/GAS

A. RUGGED GALVANNEAL STEEL BODY CONSTRUCTION
for durability and corrosion resistance

B. MODULAR PLATFORM DESIGN
allows for flexibility in product tank layout

C. LED S/T/T, B/U LIGHTS AND REFLECTORS
are in accordance with FMVSS 108 regulations

D. (4) ADJUSTABLE WORK LIGHTS
for improved visibility in low light conditions and LED compartment lights

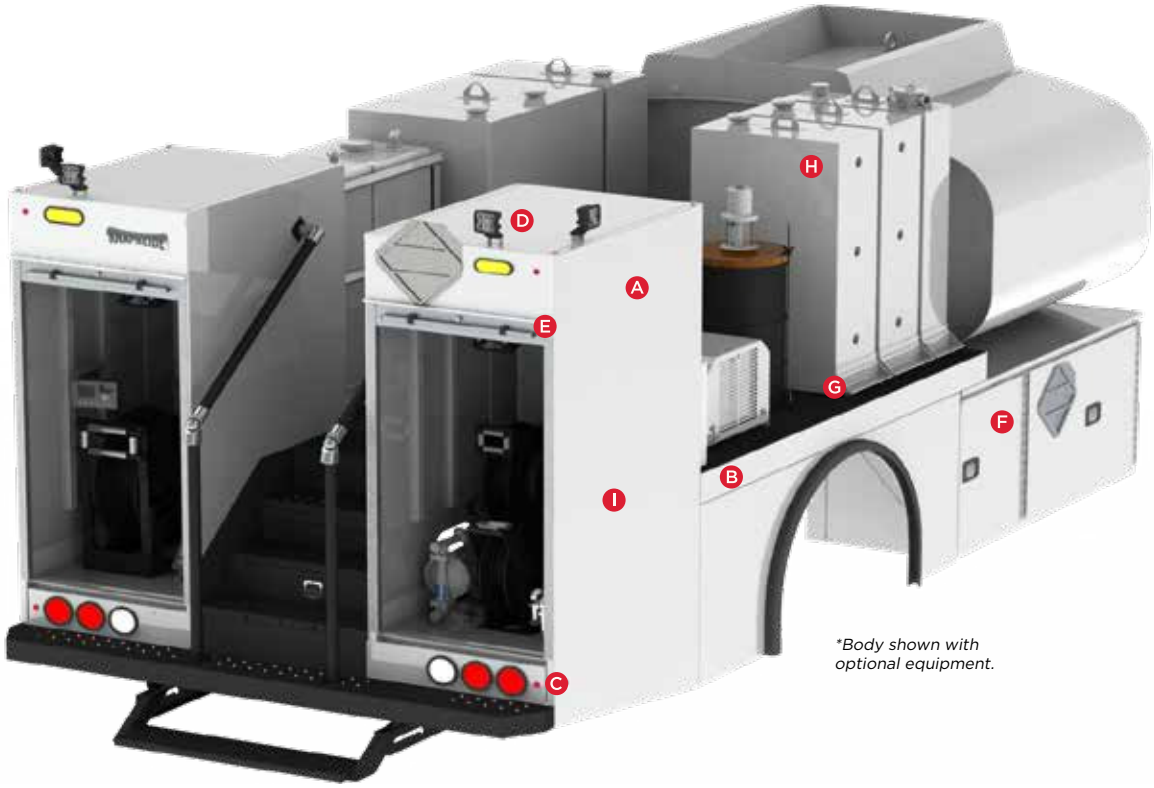
E. ALUMINUM ROLL-UP REAR DOORS
for convenient access to all tank reels and control panel

F. UNDERBODY STORAGE COMPARTMENTS ON EACH SIDE OF THE BODY
Compartment doors include double-spring over-center retainers for elimination of involuntary swing, and automotive-quality, rotary-style latches for easy opening and closing

G. PRODUCT TANKS
mounted to an innovative platform side rail using isolators, which isolates twisting and vibration to eliminate tank stresses

H. PRODUCT TANKS CONSTRUCTED OF 3/16" STEEL
with vented fill cap and replaceable sight gauges

I. ELECTRODEPOSITION PRIME-PAINT SYSTEM
provides superior corrosion resistance



**Body shown with optional equipment.*

FEATURES NOT SHOWN

HYDRAULIC AIR COMPRESSOR
with FLR system

REEL CABINET
features electric rewind for fuel and spring rewind hose reels for all other products

20 LB. FIRE EXTINGUISHER
located in reel compartment for operator safety

120 LB. GREASE DRUM
with 50:1 air-operated shovel pump and high pressure grease reel (located on street side)

MODEL OPTIONS

FUEL AND LUBE TRUCKS

MODEL	RECOMMENDED CHASSIS	AXLE	ELLIPTICAL FUEL TANK
KLT5084*	Class 5	Single	None
KLT1	Class 6-7	Single	None
KLT2	Class 8	Tandem	None
KFLT1	Class 7	Single	1,000 gallon
KFLT2	Class 8	Tandem	2,000 gallon

**KLT5084 is designed for Class 5 chassis with 84"CA*

COMMITMENT TO

CORROSION RESISTANCE

Corrosion won't be a concern when you buy quality Knapheide products. To give you the best corrosion protection, we utilize a state-of-the-art, custom-designed, 12-step, SST cathodic electrodeposition finishing system, called "E-Coat."

It bonds prime paint to steel by an electroplating process to give you a superior coat of primer, resulting in better corrosion protection compared to spraying methods.

This system allows us to create products with the highest level of corrosion resistance available.

KNAPHEIDE
SINCE 1848

NEVER SETTLE

If you are going to be a leader, it takes more than building a high-quality product. It means never being totally satisfied with that product, no matter how high quality it may be. It requires constant vigilance and a willingness to take a chance on something new. And it means exceeding expectations every time. As the industry changes, one thing never will—our commitment to making customers like you as productive and efficient as possible. We know you don't settle, and we don't either. That's why we want you never to settle for anything less than Knapheide on the back of your truck.

KNAPHEIDE. NEVER SETTLE.
