

# REFRIGERATED

## KOLD KING

When transporting perishable cargo, you need a solution that protects your products and maximizes operating efficiencies: the Kold King. Available in a variety of sizes, it can be adjusted from single- and mid-temperature to deep-frozen, multi-temperature applications. Thermally efficient, customizable, and built to stand up to the rigorous demands of multi-stop refrigerated delivery, the Kold King is a smart choice for transporting a variety of products.

(Shown with optional reefer access steps, service platform, vinyl strip curtain, E-Track, scuff, liftgate)

Dairy

Flowers

Fruit

Ice

Ice Cream

Meat

Seafood

## Features

- **Minimize front wall damage** with a durable, insulated FiberPanel® PW (FRP) front wall
- **Protect the environment while protecting your cargo** with the most environmentally friendly, thermally efficient polyurethane foam in the industry
- **Protect floors from daily loading and unloading** with a solid, 10-gauge steel, one-piece molded V-groove threshold
- **Enhance impact resistance and durability** with a 12-gauge galvanized-steel floor perimeter reinforcing rub rail

## Options

- **Increase corrosion resistance and durability** with a stainless-steel rear frame and stainless-steel front verticals
- **Customize your truck body** with a wide range of bumpers, side and rear doors, and additional insulation
- **Get your truck quicker** with Supreme's in-house reefer installation
- **Customize insulation levels** to meet your cargo needs

# REASONS TO BELIEVE

## The Supreme Difference

### Innovation at the Forefront

Many of our vehicles are made with our own, specialized FiberPanel® material – available with both a plywood inner core (PW (FRP)) or a lightweight, honeycomb core (HC) – in our state-of-the-art Tower Structural Laminating (TSL) facility using an innovative, patented manufacturing process.

### National Presence

Wherever you're located in the U.S., you're always near a Supreme Corporation representative. With seven manufacturing facilities throughout the United States, we can help you find the right truck body to meet your requirements, no matter where you are.

### Warranty Policy

We offer one of the best warranties in the business. Our 1-year limited warranty covers white surface and leaks. Our 3-year/36,000-mile limited bulkhead-to-bumper warranty covers repairs and replacement in the event a part is found to be defective. In addition, a 5-year limited structural warranty (roof, wall, and floor structure) lets you know your Supreme truck body is built to last. For additional information, please review our warranty policy.
