

TRUCK BODIES

TRUCK BODIES THAT WORK AS HARD AS YOU DO

EBY RENEGADE

ALUMINUM SERVICE BODY

Custom equipment for a world of work

We designed the all-aluminum Eby Renegade service body with standard features that exceed expectations. Our custom extruded aluminum sub-structure provides a strong, robust platform that is lighter than steel. Larger cabinets and more volume in the load compartment allow you to store more tools and essentials to the job site. The rock solid flush-mounted tailgate, sealed doors, and tapered rear corners are designed for easy of use and durability. LED lighting comes standard inside each storage cabinet for maximum visibility. Keyless entry and additional LED lighting available. We make it easy to install with a universal mounting kit, and back it with the best warranty in the industry.

Available Sizes:

Lengths: 8'5", 9'3" and 11'3"

Widths: 80" and 96"
